

AI SSDLC SECURITY REVIEW REPORT

Generated: 2026-06-16 18:44:17.555445

Repository Risk Score: 70/100

Executive Summary

Overall Risk Rating: High **Key Observations:** **Significant Vulnerabilities:** 73 identified findings indicate substantial security issues, impacting every found source. **Critical Validation Gap:** 9 sources lack proper validation, posing a direct and high-risk exploitation vector. **Extensive Attack Surface:** The large number of sinks (335) significantly expands potential data exit points and avenues for exploitation. **Top Recommendations:** 1. **Immediate Remediation:** Prioritize and fix all 73 identified findings, focusing on severity. 2. **Strengthen Input Validation:** Implement robust validation for all 9 unvalidated sources immediately. 3. **Reduce Attack Surface:** Thoroughly review and secure the extensive number of sinks to minimize exposure.

Risk Metrics

Critical Findings: 0

High Findings: 73

Medium Findings: 0

Low Findings: 0

Top Security Findings

Finding #1

Severity: HIGH

Issue: User-controlled input detected.

File: repos/b31c9012-e04f-4043-8ae7-d788b9fe23f2/webgoat/src/main/java/org/owasp/webgoat/Catcher.java

Recommendation: Verify validation and sink protection.

Finding #2

Severity: HIGH

Issue: User-controlled input detected.

File: repos/b31c9012-e04f-4043-8ae7-d788b9fe23f2/webgoat/src/main/java/org/owasp/webgoat/session/ParameterParser.java

Recommendation: Verify validation and sink protection.

Finding #3

Severity: HIGH

Issue: User-controlled input detected.

File: repos/b31c9012-e04f-4043-8ae7-d788b9fe23f2/webgoat/src/main/java/org/owasp/webgoat/session/ParameterParser.java

Recommendation: Verify validation and sink protection.

Finding #4

Severity: HIGH

Issue: User-controlled input detected.

File: repos/b31c9012-e04f-4043-8ae7-d788b9fe23f2/webgoat/src/main/java/org/owasp/webgoat/session/ParameterParser.java

Recommendation: Verify validation and sink protection.

Finding #5

Severity: HIGH

Issue: User-controlled input detected.

File: repos/b31c9012-e04f-4043-8ae7-d788b9fe23f2/webgoat/src/main/java/org/owasp/webgoat/session/ParameterParser.java

Recommendation: Verify validation and sink protection.

Finding #6

Severity: HIGH

Issue: User-controlled input detected.

File: repos/b31c9012-e04f-4043-8ae7-d788b9fe23f2/webgoat/src/main/java/org/owasp/webgoat/session/ParameterParser.java

Recommendation: Verify validation and sink protection.

Finding #7

Severity: HIGH

Issue: User-controlled input detected.

File: repos/b31c9012-e04f-4043-8ae7-d788b9fe23f2/webgoat/src/main/java/org/owasp/webgoat/session/ParameterParser.java

Recommendation: Verify validation and sink protection.

Finding #8

Severity: HIGH

Issue: User-controlled input detected.

File: repos/b31c9012-e04f-4043-8ae7-d788b9fe23f2/webgoat/src/main/java/org/owasp/webgoat/session/WebSession.java

Recommendation: Verify validation and sink protection.

Finding #9

Severity: HIGH

Issue: User-controlled input detected.

File: repos/b31c9012-e04f-4043-8ae7-d788b9fe23f2/webgoat/src/main/java/org/owasp/webgoat/session/WebSession.java

Recommendation: Verify validation and sink protection.

Finding #10

Severity: HIGH

Issue: User-controlled input detected.

File: repos/b31c9012-e04f-4043-8ae7-d788b9fe23f2/webgoat/src/main/java/org/owasp/webgoat/lessons/DBCrossSiteScripting/UpdateProfile.java

Recommendation: Verify validation and sink protection.
